

BIBLE STUDY HELPS

The Holy Scriptures were designed by God not only to stretch the scholar's mind to its limits, but to appeal to the common man and intrigue the child. God concealed many of His wonderful truths in symbols, figures, typology, and "acted parables."

This booklet is an excellent aid for any Bible student, and will begin to open up the Bible to the reader's understanding. It contains a list of figures used in the Bible along with their "spiritual" interpretations, rules for Biblical interpretation, a list of Bible names with their meaning and more in a compact portable size.

Come explore the awesome world, buried deep within the Eternal Word of God!
